    Map data after object module synopsis:            14     00:00:00.19     00:00:00.19
    Symbol table output:                               5     00:00:00.03     00:00:01.18
Total run values:                                    267     00:00:02.01     00:00:17.45

Using a working set limited to 1050 pages and 50 pages of data storage (excluding image)

Total number object records read (both passes):   260
    of which 121 were in libraries and 2 were DEBUG data records containing 89 bytes

Number of modules extracted explicitly            = 1
    with 3 extracted to resolve undefined symbols

24 library searches were for symbols not in the library searched

A total of 5 global symbol table records was written
